PROJECTS

Bhagavad Gita -

Link - shiv-am-saxena.github.io/Front-End-Work/Bhagavad%20Gita/
Technology used: Bootstrap, JavaScript(Fetch API)
- This site contains all the 18 chapters and 700 verses with their translation in Hindi and English language.

Note Maker -

Link - https://react-notes-app-33ww.onrender.com/
Technology used: React JS, JavaScript(Local Storage), Framer-motion
- In this notepad we can create, read and delete our notes.
- **Scope of improvement** in this notepad can be that the notes can be stored in **database** instead of local storage so that we can access them from anywhere in the world using the internet, **authentication** so that no other person can access the saved notes of another person.

Portfolio -

Link - https://shiv-am-saxena.vercel.app/
